

# TASTE THE FUTURE

## Your Host Committee Membership is an investment in the Columbus State Foundation's efforts to advance student success and close equity gaps by:

- removing non-academic barriers by addressing issues of access to food, housing, transportation, technology, and emergency needs during crisis
- awarding scholarships for tuition, books, and supplies, and
- preparing students for in-demand jobs while meeting employers' evolving needs.

## Recognition and benefits include:

- on-screen and website acknowledgement
- unlimited access to the virtual streaming event for friends and associates
- "host your household" catering kit(s), and more!
- entry into the Grand Prize drawing

## ABOUT THE EVENT

**WHEN:** Tuesday, August 10, 2021 at 7 pm

**WHERE:** online at [TastetheFuture.com](http://TastetheFuture.com)

From the fabulous kitchens of Mitchell Hall (with surprises from some other favorite local hotspots), Taste the Future will once again feature the best of central Ohio culinary offerings.

Featuring even more tempting recipes and thirst-quenching beverages, you'll be immersed in a mouthwatering virtual showcase.

Guests can "taste along" and learn with our food and beverage experts—and throughout the program, we'll weave inspiring messages of gratitude, hope, and resilience, featuring Columbus State's incredible students, alumni, faculty and staff.

Stay tuned for the grand finale, when we'll draw one lucky winner of the Taste Ticket Grand Prize—a spectacular, customized, private culinary experience, designed exclusively for the winner and their guests!

## A NEW AND IMPROVED "DELIVERED KIT"

This year Taste the Future Host Committee members and VIPs will receive a "host your household" catering kit, to include sample small bites and sips for four, so that guests tuning in from home can sip along with our sommelier and sample a selection of items "as seen on the screen" without heating up the kitchen.

## ...AND OTHER SURPRISES ALONG THE WAY!

We've got more surprises in store for this summer, and hope that circumstances will allow us to include selective and exclusive in-person experiences. *(We'll update you as conditions evolve in our community. As always, public health and safety remains our primary concern.)*
